In Minnesota, the Business, Management, and Administration cluster will be the largest cluster overall, but Human Services will be the fastest growing. Jobs in the Human Services sector will increase by 26% by 2018.

Health Science will add the most jobs in Minnesota through 2018, while Agriculture, Food, and Natural Resources, Architecture and Construction, Manufacturing, and Transportation, Distribution, and Logistics will lose jobs.

In 2018, 41% of all jobs in Minnesota will be found in the Business, Management and Administration, Marketing, Sales and Services, and Hospitality and Tourism clusters.

The largest cluster—Business, Management, and Administration—will require substantial postsecondary education in 2018. It will grow by 8% for those with postsecondary education and 3% for those without.

Jobs for high school graduates and high school dropouts will grow more slowly than jobs for those with postsecondary education.

In Minnesota by 2018, there will be about 298,000 jobs for those with certificates.
